

News from the Helotes Heritage Association

Dear Readers,

I was informed by Mr. Rick Schroeder that the informational meeting to be held today at 5PM the Helotes City Hall to discuss the extension/installation of a waterline along the east side of Highway 16 is not a special EDC meeting. For that reason, no agenda for the meeting was posted. We apologize for any confusion our earlier email may have caused.

Sincerely,
Ron Green
HHA, President
