

News from the Helotes Heritage Association

Dear Readers,

Representative Mike Villareal sent out the following information. Of particular interest are Rep. Villareal's efforts to develop a long-term environmental and energy plan for the State of Texas. Please give his request some thought. Having a credible plan is critical to the sensible future energy and economic health of our state.

Sincerely,
Ron Green
HHA President

TAKE ACTION FOR CLEAN ENERGY!!

Dear neighbors,

The legislative session just ended in May, but believe it or not we're already laying the groundwork for the 2009 session! Last month, Governor Perry vetoed a plan by the Legislature to study the state's energy needs.

So I've joined forces with a bipartisan group of lawmakers and concerned citizens around the state to launch a campaign urging Speaker Craddick to appoint a committee to prepare a long-term energy and environmental impact plan for Texas.

Please join our effort by signing this petition to Speaker Craddick and pass it on to your friends and colleagues.

Together we can build a cleaner future!

- Mike

P.S. Hope to see you soon at one of our upcoming events.
