

News from the Helotes Heritage Association

Dear Readers,

There has been a lot of activity to make the Parrigin Playground and Park a reality. We will be planting over 100 trees on April 12 as part of the First Annual Spruce Up Helotes Festival. The trees will be planted near the boundary of the park, near the perimeter trail that was recently laid out as part of the Eagle Scout project by Boy Scout Troy Walker. Dr. Donna Gottwald has very graciously donated 100 trees and others have also committed trees.. We have 2-3 back hoes donated for the day and many enthusiastic volunteers.

We plan to work on the Parrigin Park this Saturday morning (March 29) to prepare the site for the trees. Please stop by to lend a hand, meet some real nice folks working on the park, and help make our community an even better place to live. The Parrigin Park is located at the corner of FM 1560 and Parrigin Rd.

Sincerely,
Ron Green, President
Helotes Heritage Association
